

Uniform Policy

Rationale

The dress code at Wynn Vale School is designed to be cost effective to families whilst giving students a sense of belonging, unity and pride. This enables them to be easily identified as members of our school, both while at the school and also out in the community. The code also minimises competition for clothing brands, and encourages equity amongst students. It is designed to be practical in its application to a wide range of physical activities and weather conditions and ensures students observe health and safety standards.
